

Responsibilities of Playing in the Captain's Flight

The East Bay Team Play Director, Captains and Assistants are eligible to play following the field. This is a great perk and a nice way to get to know the other Team Play Captains and Assistants. Some clubs may not be able to accommodate a "Follow the Field" group and other clubs may have limited carts available, so the requests will be filled on a first-come basis. If the "Follow the Field" has a waiting list, clubs will be limited to one player: Captain or Assistant

Any Captain or Assistant wishing to play in a non-competing foursome on an EBTP date should contact the EBTP Captain at the hostess club at least one week prior to the play day. The hostess club EBTP Captain will arrange the foursomes.

Captains or Assistants playing in the non-competing foursomes will pay for cart fees and lunch when they arrive on the play day.

If a Captain or Assistant who reserved a space in the non-competing foursomes is unable to play, the Captain or Assistant must contact the hostess Captain at least 72 hours prior to play day. A Captain or Assistant who fails to notify the hostess club in the required cancellation time will be charged for lunch.

The non-competing foursomes must keep up the pace of play. If the foursome falls behind, they must pick up and move on to the next hole.

Player's Clubs should be labeled "CAPTAINS' FLIGHT."
